Come to one of our community roadshows. Our recycling officers will be there to answer any questions you have about the new food waste, recycling and rubbish collection service face-to-face.

They'll also be able to give you tips and information that will make switching to the new service easier.

You'll find locations, dates and times in the table below when they become available. To check your rollout area, enter your address on the My Area page of our website.

We will do our best to publish any changes to the schedule well in advance. Please make sure you check the venue, date and time of your roadshow for any changes just before you set out to attend.
