

# Morval Parish Council Play Park

Morval Parish Council have been successful with part funding from the Cornwall Council UK Shared Prosperity Fund to provide a play park in Widegates on the A387 opposite Morview Road.

The playground equipment and plan has been selected to provide a safe play park for all ages. It will have a self-closing gate at street access, and an additional bow-topped fence and self-closing gate to the play park itself for added security and safety. Play elements included in the plans are:-

- A 4 tower toddler play unit with crawl tube, wobble bridge, and slide
- Pony seesaw, Farm totem, A play tractor and trailer
- 2 cradle swings (for younger children)
- A double block bouldering climb and 25m long zipline
- A multigoal unit with football goal, targets, cricket stumps, basketball/netball hoop.
- A balance trail and monkey bars
- Tall tower unit with tube slides
- An inclusive roundabout and nest swing along with 2 standard swings
- A spinning netclimber
- A recycled plastic picnic bench and 2 recycled plastic park benches
- Gazebo with perimeter bench seating (for cover from rain and shine!)

We hope that families and children of all ages and abilities throughout the community will enjoy this new play park space for years to come, and we look forward to further discussing with you how we can make the most of this play park in the coming months, and years. We currently aim to have this play park fully installed by the end of 2024.

**A very exciting development for our Parish!**
